Description

This pallet measures 1200 x 1010 x 150 mm and weighs 13 kg (±1 kg). It has a parallel plank-and-slat deck on block-style feet at the corners and center, with open channels underneath. Recyclable, it takes a 4000 kg static load, 2000 kg dynamic load, and 800 kg racking load. It is 4-way compatible with forklifts and hand jacks, and stackable.

This pallet suits general warehouse handling of medium loads where a stronger deck than a lightweight pallet is needed. The racking capacity supports use on pallet racks as well as floor storage.
