Internal Top	465 x 310 x 290 mm
Internal Bottom	440 x 280 x 290 mm
Material	PP
Volume	42 L
Nest / stacking	120 / 310 mm

Description

This tote box measures 515 x 340 x 310 mm. Internal capacity is 465 x 310 x 290 mm, narrowing to 440 x 280 mm at the base. It holds 42 L. It has a hinged lid, ribbed side walls, and cut-out hand grips on the ends. A reinforced rib gives it a strong, solid body. The lid locks and seals shut. A card/label holder is built in for identification. Empty units nest down to 120 mm. Loaded and stacked, they sit at 310 mm.

This tote box suits secure storage and transport where contents need to stay contained and identifiable. It works well for parts handling and general industrial storage. Nesting when empty and stacking when loaded keeps it space-efficient for transit and warehouse use. The locking lid keeps contents from shifting or falling out in transit.

Features

- Reinforced rib
- Nestable & stackable
- Lockable & sealable
- Comfortable handle
- Card & label holder
- Strong & solid body
