Internal Top	540 x 358 x 335 mm
Internal Bottom	512 x 325 x 335 mm
Material	PP
Volume	65 L
Nest / stacking	123 / 355 mm

Description

This tote box measures 590 x 390 x 355 mm. Internal capacity is 540 x 358 x 335 mm, narrowing to 512 x 325 mm at the base. It holds 65 L. It has a hinged lid, ribbed side walls, and cut-out hand grips on the ends. A reinforced rib gives it a strong, solid body. The lid locks and seals shut. A card/label holder is built in for identification. Empty units nest down to 123 mm. Loaded and stacked, they sit at 355 mm.

This tote box suits secure storage and transport of larger loads where contents need to stay contained and identifiable. It works well for parts handling and general industrial storage. Nesting when empty and stacking when loaded keeps it space-efficient for transit and warehouse use. The locking lid keeps contents secure in transit.

Features

- Reinforced rib
- Nestable & stackable
- Lockable & sealable
- Comfortable handle
- Card & label holder
- Strong & solid body
