PRODUCT DATASHEET

ESD Container Flip Cover

6040FC/ESD

Specifications

Model	6040FC
External Size	600 x 400 x 10 mm
Material	PP
Surface resistance	1 x 10^6 to < 1 x 10^11 ohms
Compatible model	604012, 604017, 604022, 604032

Description

This cover measures 600 x 400 mm, with molded hinges for flip-open access, dual textured central panels, and raised structural perimeter features. Made from anti-static PP with a reinforced rib, it fits over the standard Euro container rim. It is stackable and washable, with a surface resistance of 1 x 10^6 to less than 1 x 10^11 ohms. It fits models 604012, 604017, 604022, and 604032.

This cover suits repeated access to a covered ESD container without fully removing the lid. It works well where contents are picked from regularly. The unit stays protected from static buildup between uses.

Features

- Standard 600x400mm euro footprint
- Hinged flip-open design
- Reinforced rib
- Fits over container rim
- Stackable
- Washable
- Anti-static pp
